

FEATURES

Temperature Range

The surface temperature range of the heating plate is 32°C to 288°C.

Durable Materials

The durable stainless-steel structure and heavy-duty platform ensure long lifespan and reliability.

Programmable Control

An electronic programmable timer is available. It can track product preparation times.

4 Height Adjustment Levels

The top cover has four adjustable height levels, increasing flexibility in food preparation.

Cleaning Mode

Equipped with a cleaning mode that works with high-temperature cleaning agents for optimal cleaning results.

Grease Tray

The front-positioned grease tray allows for easy collection and disposal of oil.

Technical Specifications

Item Name	Single-Lid Double-Sided Contact Gril
Item Number	CG-SSD
Dimensions (close)	W290mm x D550mm x H311mm
Dimensions (open)	W290mm x D557mm x H758mm
Working Width	203mm
Electrical Rating	230V, 50/60Hz
Rated Power	2000W
Heating Plate	Aluminium
Exterior Structure	Stainless Steel
Shipping Weight	26kg
Shipping Size	L670mmxW430mm xH450mm
Warranty	One Year
Agency Listing	GB
